**Vanuatu Association of Accountants  
congratulates**

**The Government of Vanuatu and the Department of Labour**

The chairman of Vanuatu Association of Accountants (VAA) congratulates the Government of Vanuatu through the Office of the Commissioner of Labour - recognising the valuable contribution delivered to business in the role of Assistant Accountant in Vanuatu is great news.

In a meeting held at the Office of the Commissioner of Labour, the Chairman of VAA, Mr Marokon Alilee congratulated the Commissioner of Labour for taking this bold stand. Mr Alilee said the Association looks forward to working with all government departments as the VAA strengthens the level of skilled accountants in Vanuatu.

Supporting that objective through education, training and technical support, Members will be provided a XERO login. This gives each member access to Learning (XERO Central). Here there is an extensive range of training modules available, including XERO certification. Members will be able to browse by topic, or choose a learning program to develop their knowledge.

In other news, VAA with the assistance of AJC (VAA Corporate member), updated its Website ([www.vaa.vu](http://www.vaa.vu)) to include a Q&A section - members can interact by asking questions. The website also includes a Membership Application, and a copy of the 2020 VAA Financial Statements.

VAA invites anyone interested in learning more about the Association, and members, to a Social Event being held on Wednesday, 21<sup>st</sup> July, between 5.00 – 6.30pm. The venue is Coffee Tree, opposite ANZ Bank downtown.

It is a great opportunity to be involved in developing the Association, meet the Committee, and learn more about VAA.

We look forward to meeting you. Please RSVP to [scott@icount.biz](mailto:scott@icount.biz) by Monday 19 July 2021.
